## Idea Submission Document

Team Name: WebWorm

Team Leader's Name: Divyanshu Yadav

Team Members (including the team leader):

Serial no.	Member Name	MNNIT Registration Number
1	DIVYANSHU YADAV	20200020
2	RIYA SINGH	20200044
3	AYUSHI SHUKLA	20200016
4	AMAN RAJ	20200011

### Abstract of your idea:

Theme:

 Covid Pandemic Resource

We are designing a site for COVID RESOURCES which will help in this pandemic by providing relevant information related to covid.

Feature:

We are giving features in our site as follows :-

- ✓ Authenticated Login-Feature for hospital(Doctor) and Lead giving person.

(They can perform **CRUD** operation in details)

✓ For Getting Resource, we are giving search option to user, they can fetch data by putting their need like:

- i. Plasma
- ii. Oxygen Cylinder
- iii. Vaccine Availability

(They can search with need as well as with their area)

✓ We also giving a precaution section related to covid and vaccination.

### **Future Scope :**

We will soon try to design the option for VACCINATION so that anyone can direct register from our portal for vaccination and more efficient search bar.

### **Tech stack used:**

- ✓ HTML, CSS, JS
- ✓ Bootstrap
- ✓ Django
- ✓ Xampp
